SALARY INCREASES

1. On 7 October 1974, the President signed Executive Order 11811 which provides for a salary increase, effective the first day of the first pay period beginning on or after 1 October 1974, for Federal employees compensated under the provisions of the Classification Act of 1949, as amended. In keeping with established policy, this salary increase is adopted for Agency employees. The new salary rates are shown in the attached schedule.

2. Employees paid biweekly will receive the salary increase for the pay period 13 October through 26 October 1974 in their checks due 8 November 1974.

3. Employees paid every four weeks will receive the salary increase for the pay period 13 October through 9 November 1974 in their checks due 22 November 1974.

4. Except as noted in paragraph 5, contract employees (including career associates) may be authorized an equivalent increase in salary.

a. Most contracts include a provision for the automatic adjustment of pay when Federal employees receive a legislative pay increase; these contracts do not require any additional administrative approval or amendment.

b. For contracts which do not provide for an automatic adjustment in salary, equivalent increases will be authorized only upon a determination that such increases are warranted. These contracts will be amended as follows:

(1) Operating Officials or Heads of Independent Offices will forward the names of the individuals warranting an amendment of their contracts to the Chief, Contract Personnel Division, Office of Personnel.

(2) The Chief, Contract Personnel Division will prepare and execute the approved amendments. The effective date will be 13 October 1974. Payment at the increased rate will be made in the pay period in which the contract amendment is processed by the payroll office.
